### ***P Squared Consulting Present Workshop at HR Houston Gulf Coast Symposium***

**Houston, TX, March 2006** - P Squared is pleased to announce that Scott Playfair, the president of P Squared Consulting, has been selected to provide a workshop at the upcoming Gulf Coast Symposium on HR Issues sponsored by HR Houston. Scott's workshop is entitled "*The Demystification of Implementing a Continuous Improvement Culture*" and will be presented on Wednesday, April 5th from 11:15 AM to 12:15.

If you are already registered for the conference, we welcome your attendance at Scott's session. This is a topic of timely concern to many companies in the Houston area, as they strengthen to improve their profitability and face the challenges of a fast paced competitive market. There will even be some time to ask questions about how this methodology can be applied to your own work place. A synopsis of the workshop is found below.

In addition, the workshop has been approved to provide HRCI continuing education credits.

Workshop synopsis:

*"Recognizing that processes and systems are the real cause of most business quality and productivity issues, company leaders are beginning to view continuous process improvement as a means to gain and maintain competitive advantage. Each employee's understanding of how he or she impacts the overall system via the control of the processes they own, is key to establishing a continuous improvement culture."*

For additional information on conducting a workshop on Continuous Process Improvement for your organization or company, contact Jan Barnett or visit [www.p2mc.com](http://www.p2mc.com).
